About Conference

The mission of the ICRISET Conference is to provide a forum for exchange of ideas concerning current developments in engineering, technology and science. The conference invites researchers from around the world (from academia, research institutions and industry) to contribute results of their work and participate in a friendly conference, addressing most recent trends and developments in their areas of expertise.

The ICRISET-2018 is to be held at the Faculty of Technology and Engineering, CHARUSAT, Changa. The conference offers a great opportunity to bring together professors, engineers, scientist, researchers and scholars in the areas of Electrical, Mechanical, Civil, Computer, Information Technology and Electronics & Communication Engineering.

The conference will open up the opportunities for academicians, leading engineering researchers and industrial professionals to exchange their knowledge in the field of Engineering and Technology, with special focus in Information and Knowledge Management. The conference will provide a platform to deliberate and share the state-of-the-art developments in emerging industry issues and to learn the latest innovations and technologies that are essential to successfully develop future systems. Participants will get the valuable benefits of hearing researchers, executives and practicing industry engineers describing their challenges, experiences and solutions.

Topics

Aerospace
Advanced Computing Applications in Civil Engineering
Bioengineering

Communication, Networking and Broadcast Technologies
Components, Circuits, Devices and Systems
Computing and Processing
Engineered Materials, Dielectrics and Plasmas
Engineering Profession
Fields, Waves and Electromagnetics
Geoscience
Nuclear Engineering
Photonics and Electro optics
Power, Energy and Industry Applications
Robotics and Control Systems
Signal Processing and Analysis
Transportation

Important Dates

Deadline for submission of full papers	30/08/2018
Notification of paper acceptance	20/10/2018
Deadline for Registration & Camera Ready Paper	10/11/2018
